Dear Phil:

This will answer your letter of August 4 and that of Spencer Hagen of July 11 in connection with the visit to Sydney of International President, Arthur Lagueux.

For your information we had a joint meeting of five Rotary Clubs on Wednesday, August 2, when the President was here; he arrived in the morning by train and left the same evening by plane for Newfoundland. Clubs participating in the meeting were Sydney, Glace Bay, Sydney Mines, North Sydney and New Waterford. There were 240 Rotarians present; 40 ladies and about 20 guests. Total attendance--300.

The local paper carried three stories in connection with the visit and clippings of these are attached.

Yours sincerely,

Barry MacDonald
