

Complete Plans Visit Of Rotary Int. President

At Thursday's Rotary meeting, Vice-President F. M. O'Leary advised that all plans were finalized for the reception of Rotary International President, Arthur Lagueux, following their arrival by T.C.A. on Wednesday night coming.

Included in the all-too-brief stay will be an official call on His Honour the Lieutenant Governor, on His Worship the Mayor, visits to Rotary activities such as the T.B. Sanitorium, the Sunshine Camp, the Playgrounds, a visit to Signal Hill where Marconi sent his first wireless message, and luncheon given him by the Directors, at Murray's Pond Club House, with regular Rotary dinner at the Old Colony Club in the evening, at which practically all Rotarians in the city will be present.

During the day Mrs. Lagueux will be entertained at luncheon at Bally Haly by the Directors' wives, and all in all every effort has been put forward to show the distinguished visitors as much of our city as possible, and to evidence to them during their brief stay the hospitality for which this country is noted.
