Mr. Arthur Lagueux, President,
Rotary International,
35 East Wacker Drive,
Chicago 1, Ill.

Dear President Arthur:

We are still receiving many favourable comments about the visit of our International President and his charming wife. Everybody, Rotarians and others, agree that it was a most successful day. This was so, of course, because you and Christine were so agreeable and willingly fitted into the rather heavy schedule of arrangements that had been made.

There have been many compliments about the very fine speech you delivered at the luncheon and, if you have no objection, we are planning to have it printed. Howard McCartney, of the University Settlement of Montreal, and Frank Kenwood and the Directors of the Unity Boys Club, are all most appreciative of your visit to those buildings and your interest in the work there.

We all realize how very busy you are and the tremendous amount of travelling you are called upon to do, so appreciate very much your thoughtfulness in paying a special visit to Montreal. On behalf of our Officers, Directors and members, thank you very much for visiting us and making the day so enjoyable.

With kindest personal regards to you and
Christine,

Yours very sincerely,

John J. F. Bancroft, President,
ROTARY CLUB OF MONTREAL.
